THE PORCELAIN OF TOMORROW – SINCE 1881

# Pleasure – enjoyment from every perspective

As fulfilling to combine as the finest ingredients in any good cuisine: *Pleasure* lifts the limits on the fun of creative experimentation and meal presentation. Indeed, *Pleasure's* options are the crowning touch to the perfect impression made by food creations. Its thin body and incisive relief band convey a sense of dynamic movement that fuses tradition and innovation. A language of design that speaks to international cuisine as well as to top-quality, regional cooking. Organic, flowing lines and modest simplicity yield the spotlight to food creations.

*Pleasure also provides the right items for coffee and tea.*

The plates are the centrepiece of the collection. Their double rims delight with a novel, clear structure that successfully maintains the balance between harmony and tension. The elongated corner of the bowls makes them easy to grasp and offers a new view from every perspective. The platters, newly interpreted as sweeping triangles, fit harmoniously into the overall ambience of rounded squares and flowing shapes. Cups and pots interpret the horizontal movement of the plates in the vertical, where the sweeping relief band of the plates is transformed into a handle.

# Décor Service

## Porcelain shows its colors

Bauscher has always stood for design that sets standards in professional porcelain, not only in the shaping of any given article but also in its extraordinary colors. We take great pride in our Atelier. Day in and day out, the designers at our in-house studio create new, unmistakable décors in close coordination with our customers. Whether elegant colors, fine vignettes or vivid patterns – a décor is an important message in gastronomy that sets an establishment apart and underscores its personality.

# Our special forte: custom-made designs

Our studio's portfolio encompasses a collection of more than 25,000 décors. Anyone who cannot decide from such a huge choice can simply have their own individual décor created. Our décor studio provides tailored solutions for every wish - classic logos or word marks as well as elaborate patterns and decorations on rims and mirrors. We remain at the customer's side throughout the production process, sharing our experience and creativity from the first draft to final delivery.

# Accentuating with colors

The Bauscher décor studio offers the most diverse color and font options to customers seeking a tailored look. Countless brilliant colors and typefaces await - inspired design ideas are all it takes to bring them to life. Of course, we are also happy to use our customers' proprietary typefaces and color definitions. Our Atelier can accommodate almost every wish. Working with state-of-the-art technology, we apply all our skills and enthusiasm to create décors that inspire our customers and their guests.

# Personality begins where comparison ends

With high-quality porcelain an establishment presents not only the kitchen's finesse to the guest, but also an important part of its personality. The significance of an individual décor is impossible to overestimate. It raises recognition value in the competitive hotel and gastronomy industries. It treats the guest to a coherent overall impression and demonstrates that quality is a top priority for the host. In times when guests can choose from the diverse gourmet offerings from all over the world, custom décor is decisive in making a good and lasting impression.
